Wind Energy Renewable Energy Certificates

If you enroll in this Service, Arcadia Power will purchase wind energy renewable energy certificates on your behalf from certified wind energy producers to offset your electric energy consumption. Arcadia Power Wind Energy is Green-e Energy certified and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions.

Your purchase of Renewable Energy Certificates (RECs) supports renewable electricity production in the region of generation. A REC represents the environmental benefits of 1 megawatt hour (MWh) of renewable energy. For every unit of renewable electricity generated, an equivalent amount of RECs is produced, and by purchasing and pairing RECs with your electricity service you are using and receiving the benefits of that renewable electricity. Your REC purchase also helps build a market for renewable electricity. Increased demand for, and generation of, renewable electricity helps reduce conventional electricity generation in the region where the renewable electricity generator is located. It also has other local and global environmental benefits, which may include emitting little or no regional air pollution or carbon dioxide. The RECs in Arcadia Power Wind Energy are verified and certified by Green-e Energy, and Arcadia Power is required to disclose the quantity, type and geographic source of each certificate. Please see the Product Content Label for this information. Green-e Energy also verifies that the renewable energy certificates are not sold more than once or claimed by more than one party. For information on Green-e Energy please visit its website, www.green-e.org.

Price Alerts

Price Alerts is a service designed to save you money on the supply portion of your electric and/or natural gas bill. Arcadia Power will monitor Supplier offers based on historical rates and publication of forward rates, where available, and your estimated usage. Our goal is to identify offers that you are eligible for and to enroll you in a plan with a total lower annual cost than your current Supplier contract or Standard Offer Service. There is no direct cost to you for this service, and you may cancel at any time by calling 866-526-0083.

Arcadia Power does not warrant that it will monitor all Suppliers or that any Supplier will offer a plan at a lower cost than your current plan. Arcadia Power may, at its discretion, exclude Suppliers or offers that do not conform to commercially acceptable standards or practices. Price Alert Services may not be available to every User and we reserve the right to offer this Service at our sole discretion.

You authorize Arcadia Power to solicit electric or natural gas supply prices from Suppliers on your behalf as your agent. You further authorize Arcadia Power to act as your agent with the power to initiate service and enroll you with a Supplier at any time that Arcadia Power believes, in good faith, that a Supplier's offer will keep your supply charge less than, on an annualized basis, if you remained on

your current Supplier contract or on Standard Offer Service. **You understand and agree that any such enrollment and initiation of service will occur automatically without your additional consent.**

By enrolling in Price Alerts, you expressly authorize Arcadia Power to sign Supplier contracts on your behalf with the signature “[USER FIRST NAME LAST NAME] BY ARCADIA POWER (LOA)”. You agree that Arcadia Power may share your Utility Account Information and Utility Account Credentials with Suppliers as needed, and in conformity with our Privacy Policy, to accomplish contract solicitation, execution, and enrollment. You further agree that your Utility may share information it has about you to Arcadia Power to accomplish contract solicitation, execution, and enrollment. Arcadia Power may show this Agreement to Utilities, Suppliers, or other authorized parties as required or authorized by law.

You will receive any notifications about potential changes to your Supplier to the email address Arcadia Power has on file for your Account. You will also be able to view the status and history of your Supplier enrollments by viewing past billing information in your Utility Account or as otherwise presented to you by Arcadia Power.

If you join Arcadia Power while on an existing Supplier contract, you may be liable for an early termination fee from your current Supplier if we switch you to another Supplier contract consistent with this Agreement. If you are assessed an early termination fee by the Supplier, which you notify us about, Arcadia Power will reimburse you either by paying the Supplier directly or by crediting your Arcadia Power Bill with an amount equal to the fee. Arcadia Power will also reimburse you for any early termination fee you incur as a result of terminating a Supplier contract that Arcadia Power enrolled you in.

Arcadia Power may receive compensation from the Supplier for Services it provides to you. You consent to this material benefit from a third-party.

You understand that any Supplier contract Arcadia Power enters into on your behalf is for your Supply charges only and that your Utility rates will still apply.

4. Payment

Consolidated Bill Pay

By using the Services, you may need to enroll in our Consolidated Bill Pay program. Arcadia Power will access your Utility Account on a regular basis and combine your Utility Statement charges with your Arcadia Power Bill, if any, and send you one Consolidated Bill. You understand and agree that you will directly pay Arcadia Power each month for your total Consolidated Bill and that we will facilitate payment of your Utility as your agent and on your behalf. Arcadia Power will send you a notification three (3) days before the payment will be deducted from or charged to your Payment Account.

Evergreen Bill Pay

Arcadia Power may not offer Consolidated Bill Pay for customers using certain Utilities. If Arcadia Power does not offer Consolidated Bill Pay, you may enroll in our Evergreen Bill Pay program. With Evergreen Bill Pay, Arcadia Power will access your Utility Account, calculate your average kilowatt usage, and assess your Wind Energy Renewable Energy Certificate charge, if any, based on your average kilowatt usage. By enrolling in the Evergreen Bill Pay, you are authorizing and ordering us to initiate automatic deductions or charges based on the Autopay Program instructions you have specified. The payment will be deducted on the date specified by you during Evergreen Bill Pay enrollment. Arcadia Power will send you a notification three (3) days before the payment will be deducted from your Payment Account.

Monthly Recurring Payments

By choosing Consolidated Bill Pay or Evergreen Bill Pay to pay your Arcadia Power Bill you authorize and order Arcadia Power to have your Payment Method debited or charged for the amount noted on your monthly Consolidated or Evergreen Bill. You understand that this authorization and order will remain in effect until you cancel it in writing, and you agree to notify Arcadia Power of any changes in your account information or termination of this authorization and order at least fifteen (15) days prior to the next billing date. If the above noted payment date does not fall on Business Day, you understand that the payment may be executed on the next Business Day. You understand that because this is an electronic transaction, these funds may be withdrawn from your account each period as soon as the above noted transaction date.

You agree to receive the notice required by 12 C.F.R. § 1005.10(d)(2) only if the difference between your current Consolidated or Evergreen Bill ("Bill") and your previous Bill falls outside of a specific range as defined herein. For business customers, your Bill must be \$5,000 greater than the previous month's Bill. For residential customers, your Bill must be (1) \$1,000 greater than the previous month's Bill and (2) 150% variant greater than the average of your previous six-months Bills. However, if you are a residential customer who has solar power and has an annual "true-up" with your Utility company, your Bill must be \$5,000 greater than the previous month's Bill.

In the case of a transaction being rejected for non-sufficient funds or declined credit you understand that Arcadia Power may at its discretion attempt to process the charge additional times within thirty (30) days. Arcadia Power is not responsible for any overdraft fees, over-the-limit fees, or insufficient fund charges (including finance charges, late fees, or similar charges) charged to you by your financial institution from your failure to maintain a balance in the Payment Account or have available credit in the Payment Method that is

sufficient to process our payment. Arcadia Power reserves the right to charge you for any overdraft fees, over-the-limit fees, or insufficient fund charges (including finance charges, late fees, or similar charges) assessed to Arcadia Power that result from your failure to maintain a balance or credit in the Payment Account that is sufficient to process your payment.

You acknowledge that the origination of payment transactions to the Payment Account must comply with the provisions of U.S. law. You will not dispute Arcadia Power's recurring billing with your financial institution, bank or credit card company so long as the transaction corresponds to the terms indicated in these Terms.

Transaction fees may apply for credit card and ACH bank debit payments.

Electronic Consent Regarding Recurring Payment Authorization

You acknowledge and agree that by accepting these recurring payment terms and conditions in Sections 4.1, 4.2 and 4.3 of these Terms ("Recurring Payment Terms"), you consent to receive a copy of your payment authorization for recurring monthly payments in electronic form only instead of receiving a paper copy. This consent applies only to recurring payment authorizations as to which we are required to provide you with a written copy under applicable law.

We cannot process your online recurring payment authorization unless you are willing to receive, in electronic form only, a copy of the Recurring Payment Terms that we are required to provide to you in writing under applicable law. Once you have accepted the Recurring Payment Terms, you cannot withdraw your consent to receive your copy of the Recurring Payment Terms in electronic form. However, you will still be able to cancel your recurring payment authorization in accordance with Section 4.6 of the Recurring Payment Terms.

If you wish to obtain a paper copy of your recurring payment authorization, you may do so by printing the Recurring Payment Terms yourself or by calling us at 866-526-0083 to request a paper copy. We may charge you a reasonable service charge for the delivery of a paper copy of the Recurring Payment Terms so long as we disclose our then current service charge to you at the time of your request for a paper copy.

Delivery of Funds

We will use reasonable efforts to facilitate your payments properly. Arcadia Power makes no guarantees, warranties, representations or commitments regarding when payments will reach your Utility. You understand and agree that any timeline provided by Arcadia Power regarding payments is an estimate only. Arcadia Power cannot be held responsible for any fees, penalties, or late payment interest charged to you by your Utility or any third party as a result of a delay in payment. However, Arcadia Power will pay any fees, penalties, or late payment interest charges charged to you by your Utility if it determines that a late payment was caused solely by Arcadia Power.

Arcadia is not responsible for any failure to complete or delay in completing any payment due to any of the following:

Your Payment Account does not contain sufficient funds or your Payment Method does not have available credit to complete the payment or the charge is rejected or returned by your bank or financial institution;

The payment processing center is not working properly and you know or have been advised by us about the malfunction before you execute the transaction:

Your Utility rejects or returns the payment for any reason;

Your equipment, software or any communications link is not working properly;

You have provided us with incorrect information about your Utility;

Your Utility mishandles or delays handling or posting any payment;

Circumstances beyond our control (for example, Force Majeure) that prevent or delay the payment from being completed;

You have not provided us with the correct bank account or credit card information; and/or

Your payment was sent to an unintended Utility.

If we facilitate a payment for an incorrect amount, we will use commercially reasonable efforts to recover the incorrect payment from your Utility. If we can recover the incorrect payment that was charged to you, we will return the amount of the incorrect payment to you.

If not, we will notify you of that fact and you will be responsible to make appropriate arrangements with your Utility to receive a refund of the credit or have it applied against future balances.

Canceling Scheduled Payments

You may cancel a payment without penalty at any time up to three (3) Business Days prior to the Processing Date. Once Arcadia Power has begun processing a payment it cannot be canceled.
